Who should attend?

This presentation is open to physicians, nurses, and allied health professional practicing in residential care.

Join Island Health Infectious Disease Specialists Dr. Wayne Ghesquiere, Dr. Eric Partlow, and Dr. Divya Virmani to learn about common ID topics for people living in residential care:

- ➔ **Red legs:** Assessment and management of soft tissue infection in the elderly
- ➔ **Loose poops:** C.Diff Infection—advances in diagnosis and treatment
- ➔ **Sore arms:** What's next in vaccine strategies in the LTC setting
- ➔ **CXM CLI SXT & AZM:** Alphabet soup, and a review of common antibiotics used in the elderly—pitfalls and pointers
- ➔ **The non-healing wound:** Assessment and management of pressure sores, ulcers and wounds in the elderly

CME Accreditation

This presentation has been certified for 2.5 Group Learning Mainpro+ credits from the College of Family Physicians of Canada.
